Retirement amount is calculated on the basis of years of service and an average of the last 2 years of salary. Judges receive 5% of their final average salary for each of their first 10 years of service, 2.25% of their average salary for each year from 11 to 20 years of service, and 1% of their final average salary for each year beyond 20 years to a maximum of 75%.

B. Judicial Retention

Each judge is subject to an unopposed, nonpartisan retention election at the first general election held more than 3 years after the appointment. To be retained, the judge must receive a majority of affirmative votes cast. This means that newly appointed judges will serve at least 3, but not more than 5 years prior to standing for their first retention election.

Following the first retention election, trial court and appellate judges appear on the retention ballot every 6 years. Supreme Court Justices stand for retention every 10 years.

C. Performance Evaluation

All sitting judges undergo a performance review after the first year in office and biennially thereafter. Judges not up for retention election can use the performance review results as a guide for self-improvement. Judges up for retention election are subject to Certification Review by the Judicial Performance Evaluation Commission. Prior to the election, the Commission publishes in the voter information pamphlet whether the judge met or failed to meet the following evaluation criteria:

- Compliance with case delay reduction standards.
- No public sanctions by the Judicial Conduct Commission during the term of office and not more than 1 private sanction during the final 2 years of the term of office.
- Completion of 30 hours of approved judicial education each year.
- Self Certification that the judge is physically and mentally able to serve, and complies with the Codes of Judicial Conduct and Administration.
