HB0463S2	Medicaid Funding Amendments (Votes: 16-0-1, Opp Statement: "The Commission on Criminal and Juvenile Justice voted unanimously to oppose this bill. The commission is concerned with tying Medicaid services to a system that may be triggered by the increase of the Medicaid FMAP. Federally defined Optional Medicaid services (including pharmacy, physical therapy, and most of mental health and substance use disorder Medicaid services) may be eliminated upon this trigger if not funded by the Legislature, causing harm to these vulnerable populations. This would severely impact important services that are currently being used for criminal justice populations and help individuals address their mental health and substance use disorders, allowing them to stay and participate in their communities.")
